Dear Dr. Gordon:

It is our great pleasure to advise you that the Burbank Fire Fighters, Local No. 778, has endorsed your candidacy for re-election to the Burbank City Council. As one of our two endorsed candidates, we would be proud to have our organization listed as one of your supporters in any campaign literature that you disseminate.

Throughout your term, it has been obvious to us that you take your work very seriously. You carefully read through volumes of material, reach out to the community for its input, and make decisions based on the best information available. In the area of public safety, your strong support assists us in the continued provision of the best quality service to the citizens of Burbank. In these tough economic times, having someone of your intelligence and experience on the Council is extremely important.

We wish you the best in your campaign.

Sincerely,

Lew Stone, President
Burbank Fire Fighters, Local No. 778
